Mr A Band

Dear Mr Swanepoel

Thank you very much for your welcome gift of R2000,00 so we can continue our services to those who cannot hear. We enclose our official receipt for the bank transfer. Please note that gifts are tax deductible.

It is encouraging for us to know that the National Institute for the Deaf has friends like you all over South Africa: friends who have a concern to help those who are Deaf.

Here at the NID we have our School for the Deaf (the De la Bat School) providing education from preschool to matric, our Adult Care Centre providing residential care, our Workshops providing employment and our Church for the Deaf – as well as many other services. As one of the oldest organisations serving the Deaf in South Africa, we seek to assist Deaf people to become happy, productive members of society.

All this is only possible because of the support we receive from friends like you. Once again our grateful thanks and if you are ever in Worcester area, we invite you to come and visit us to see our work for yourself.

Yours sincerely
